To Whom It May Concern:

RE: SPEA Student Leadership 'Experience' 2019

It is my pleasure to provide you with information regarding the 4th Annual SPEA Student Leadership 'Experience' (SL'E') which is being held September 24-27, 2019 at Dallas Valley Ranch Camp near Lumsden, Saskatchewan. My intention for providing this communication for prospective Student Leadership Attendees is to support their interest for wanting to attend and provide you, the University Professor/Instructor with information to describe what the Student Leadership 'Experience' is about. I hope that this information will help you understand the context of the Student Leadership 'Experience' and the afforded value for students choosing to attend.

I recognize that this 'experience' occurs during possible class days in the semester and that this may be problematic. My hope is that we can view this 'experience' for what it is; a professional development seminar/workshop on leadership for post-secondary students. I'm confident that if viewed in this way, then one sees the SL'E' as not time away from class, but rather time that provides an opportunity for students to engage in a leadership 'experience' that nurtures and supports their personal and professional development and provides them with opportunities to network with like-minded undergraduate colleagues from post-secondary institutions across western Canada, as well as professional leaders, who reside as mentors.

I'd like to "Thank-you" in advance for your continued support for leadership initiatives such as the SL'E'! If you require further information about the Student Leadership 'Experience' please feel free to visit our website at www.speaonline.ca or contact me by email at g.hayes@rcsd.ca. Thanks for your cooperation and understanding as we collectively work towards "Inspiring Future Leaders".

Sincerely,

Graham Hayes
President, SPEA
