

SPEA COVID-19 RESPONSE

Given the rapidly changing COVID-19 situation in Saskatchewan, the Saskatchewan Physical Education Association (SPEA) a Professional Growth Network of the Saskatchewan Teachers' Federation (STF) is suspending all in person meetings, workshops, and events until further notice and thus regretfully **cancelling** the **2020 SPEA Conference** which was to be held in Saskatoon from May 6th to 8th. Many variables were considered in making this difficult decision by ultimately the health and safety of everyone involved needs to be our main concern. Thank you for understanding the decision the SPEA Board of Directors needed to make. Refunds for the conference registration fees and all conference related items will commence immediately. Please watch for updates via membership email and here on our website.

Respectfully,

The SPEA Board of Directors
