

TPSR Conference

Based on the COVID-19 pandemic and a desire to respect and protect the health of participants, their love ones, and their communities, the TPSR Alliance leadership team has decided to postpone the June 2020 Conference that was to be held in Regina, Canada. Dr. Nick Forsberg remains ready and willing to host the Conference next year in Regina. That is our intention for now and we will provide more detail as the COVID-19 situation comes under greater control. For now, we extend our regrets and wish you good health.
